

Your Application

Your application is the full record you send to the owner. This screen shows what you submitted and where it stands.

“ ? Screenshot: your application.

Read your application

The page shows your application details for the property. Review it to check your information is correct.

Track the status

The application shows a **status**, so you always know where you stand — for example, whether it is still pending or approved.

To follow every application in one place, use your [Renter Dashboard](#). To find your files by property, use [Documents](#).

Revision #3
